Dear Hiring Manager,

I am delighted and proud to recommend Mr. Mitra Boga for the internship opportunity with your well-reputed organization.

I am Dr. Venu Mankad, Associate Professor, Department of Physics, GITAM (Deemed to be University). As his faculty taught him a Physics course in his undergraduate (PHYS1001), I can vouch for his academic and personal skills.

Mitra possesses the determination, intellect, collaborative skills, leadership acumen, adaptability, and expertise required to excel both as an individual and in a team role. I appreciate his keen interest in subjects like Science, Engineering and Technology development. It is his passion for the subject and dedication to his career that allowed him to perform well in academics. He participated actively during class discussions and always came prepared to class to share the knowledge gained through active references from top academicians and websites online.

During his time as my student, he has consistently demonstrated outstanding performance and dedication to his work in Physics (PHYS1001). He is a jovial fellow is highly respectful towards his teachers and peers and always conducts himself in a poised manner.

As an aspiring Undergraduate student, the internship at your organization would provide him with an opportunity to showcase his talents and practically experience what Mitra has learnt theoretically. I am sure he will prove to be an asset to your institution and will prove his talent. I endorse Mitra's application without any reservations. Please feel free to contact me if you have any queries or require any clarification.

V.H. Mankad
