GITAM
DEEMED TO BE UNIVERSITY

To whom it may concern,

It is with great enthusiasm that I am writing this letter of recommendation for Mr. Mitra Boga in support of his application to pursue an internship at your esteemed organization.

As Archana M R, Assistant Professor, School of Technology, GITAM (Deemed to be University), I had the privilege of teaching him Cyber Security (CSEN3191). Throughout the course, Mitra consistently demonstrated a deep understanding of core concepts, an analytical mindset, and a strong drive to connect academic theory with practical application.

What sets Mitra apart is his clarity of purpose and multidisciplinary curiosity. He actively engages in topics ranging from Software Engineering, Cloud Computing, DevOps, to Cyber Security, Cloud Security and beyond, always seeking to integrate these domains in meaningful ways. His ability to translate abstract concepts into real-world problem-solving is remarkable for a student at his level. Beyond the classroom, Mitra's entrepreneurial mindset and passion for innovation are evident through his self-initiated projects, including developing Telegram intelligent automation tools using API Keys, tokens and GitHub secrets for strong encryption, least privilege, and log redaction, showcasing his creativity and problem-solving skills by automating his workflow.

During his time as my student, he has consistently demonstrated remarkable performance. He has a strong grasp on the conceptual and applicable concepts in the course, such as CIA Triad, Vulnerability, Threats, and Attacks, Cyber Kill Chain, Social Engineering, Firewalls (Stateless, Stateful, and Application Gateways), Incident Response Process, Access Control & AAA (Authentication, Authorization, Accounting), Compliance Frameworks (NIST, GDPR, ISO 2700x, HIPAA, PCI DSS), Perimeter Security Concepts (DMZs, Honeypots, Extranets, Proxy Servers).

I am confident that Mitra will bring the same integrity, creativity and technical excellence to any internship or professional endeavour he undertakes. I wholeheartedly recommend Mr. Mitra Boga without any reservation.
