To Whom It May Concern,

I am delighted to recommend Mitra Boga for the internship opportunity with your organization. He possesses the determination, intellect, collaborative skills, business acumen, adaptability, and expertise required to excel in this role. During his Venture Discovery course, Mitra Boga has consistently proved to be a capable analyst due to his vast business knowledge, technical vocabulary and creativity.

Mitra possesses a strong foundation in Business and Management fundamentals as he has studied at the University of Waterloos, School of Accounting and Finance, before Engineering. This combined expertise allows him to develop Business Reports with ease. His ability to dissect accurate and detailed Case Studies allows him to excel as an analyst and understand practical business protocols. His proficiency extends beyond basic knowledge as he is able to prototype creative venture ideas skillfully and adhere to universal business frameworks.

He is not only technically skilled but also an amazing public speaker. He can confidently promote his ideas to his professors and peers and present concepts and ideas in depth to a large audience. His exceptional communication allows him to market business ideas confidently, effectively and creatively. These skill sets render Mitra a valuable asset to any organization as he can put the backend efforts into the light of the correct audience with ease.

Without reservation, I highly recommend Mitra Boga for an internship opportunity. His exceptional business acumen, creativity, and strong work ethic make him a valuable asset.
