GITAM
DEEMED TO BE UNIVERSITY

To whom it may concern,

It is with great enthusiasm that I write this letter of recommendation for Mr. Mitra Boga in support of his application for an internship/professional endeavour at your esteemed organization.

As Giddaluru Lalitha, Assistant Professor, School of Technology, GITAM (Deemed to be University), I had the privilege of teaching him Deep Learning (CSEN3083). Throughout the course, Mitra consistently demonstrated a deep understanding of core concepts, a curious mindset, and a relentless effort to comprehend tough Deep Learning concepts to utilize in his future projects.

What differentiates Mitra is his clarity about his future and unwavering curiosity about AI/ML. He actively engages in class and tries to implement his learning about Deep Learning concepts to excel beyond the syllabus. His ability to translate abstract concepts into real-world use cases is commendable. Beyond the classroom, Mitra's entrepreneurial mindset and passion for innovation are evident through his self-initiated projects, such as an ML-based Earnings Call Sentiment Analyzer and a Customer Churn Predictor. The projects expand upon his learnings, including ETL Pipelining, NLP, Sentiment Analysis, Logistic Regression, and Sci-kit Learn for ML Modelling. This is a perfect display of his grip on the subject and creativity in applying his learnings into practical, real-world software.

During his time as my student, he has consistently demonstrated an aptitude for progression and growth. He grasps all the conceptual and applicable concepts in the course, such as Deep FeedForward Networks, Gradient Descent, Back Propagation, Regularization Techniques, Convolution Networks, Pooling Layer, RNN, DRN, LSTM, Transformers, Auto Encoders, Stochastic Encoders, Regularized Encoders, Deep Belief Networks, Deep Biltzmann Machines, GANs, Computer Vision, NLP.

I am confident that Mitra will bring the same integrity, creativity and technical excellence to any internship or professional endeavour he undertakes. I wholeheartedly recommend Mr. Mitra Boga without any reservation.
